### About

Founded in 1977, the National Association of School Nurses is the leading specialty nursing organization exclusively representing school nurses. NASN members are registered nurses specializing in school nursing practice.

School nursing is a specialized practice of professional nursing that advances the well being, academic success, and life-long achievement of students. To that end, school nurses facilitate positive student responses to normal development; promote health and safety; intervene with actual and potential health problems; provide case management services; and actively collaborate with others to build student and family capacity for adaptation, self management, self advocacy, and learning.

The NASN membership list is available for the advertisement of products, educational material, and job tools that support the NASN mission and benefit NASN members.
