INFOCUS Appointed Exclusive List Manager of Society of Interventional Radiology Membership List

(Warrenton, VA, November 14, 2008) – INFOCUS is pleased to announce that the Society of Interventional Radiology (SIR) has chosen INFOCUS be their exclusive list manager for their 4,619 membership database.

SIR is a national organization dedicated to improving public health through disease management and minimally invasive, image-guided therapeutic interventions.

SIR members include physicians and allied health professionals such as technologists, nurses, nurse practitioners and physician assistants, specializing in minimally invasive procedures – imaging techniques (x-ray, CT scanners) and small instruments and tools (catheters and wires).

The SIR active membership database is selectable by membership type (Active Member, Clinical Associate Member, Corresponding Member, Industry, etc.)

Recommended for offers, including: a host of educational and medical products, services, equipment, medical journals, books, publications, seminars, medical management, research & development, pharmaceutical, continuing education, computer hardware and software, office equipment, computer software/hardware, fundraising, travel, leisure services

For additional information on this list, please contact Maggie Powers at 800-708-LIST, ext. 3249, or mpowers@infocuslists.com.

About INFOCUS:

INFOCUS is the #1 provider of list services serving over 140 professional and trade associations and publishers.
